FACIALS BY HYDROPEPTIDE

HydroPeptide treatments combine advanced peptide science with high-performance botanicals to deliver targeted, visible results while maintaining a refined, luxurious feel.

Advanced Anti-Aging – 60 min/90 min

An advanced rejuvenating facial designed to improve firmness, tone and overall skin vitality. Botanical stem cells help defend against environmental stressors while concentrated peptides encourage renewal and visible lift. Skin appears smoother, more radiant, and youthfully refreshed. Upgrade to the 90-minute experience to include an extended lifting massage for enhanced contouring and more noticeable firming results.

Deep Cleansing – 90 min

A results-driven purifying treatment ideal for congested or breakout-prone skin. Salicylic acid and antibacterial peptides work together to decongest pores, refine texture, and balance oil production. Skin feels deeply cleansed, clarified, and visibly renewed.

Moisture Miracle – 75 min

A deeply hydrating facial enriched with replenishing botanicals, antioxidants, and reparative peptides. This restorative treatment infuses long-lasting moisture, enhancing softness, suppleness, and a healthy, luminous glow.

The Vitamin C Firm & Glow – 60 min / 75 min

A potent brightening and firming treatment formulated to revive dull, fatigued skin. A Vitamin C enzyme peel, pure Vitamin C delivery system, and a double Vitamin C and peptide mask work synergistically to enhance luminosity and support visible firmness. Upgrade to the 75-minute option with an Oxygen infusion mask for amplified brightness and more noticeable firming results.

Calming Recovery – 60 min

A gentle, restorative facial created for highly sensitive or easily irritated skin, including post-sun sensitivity and discomfort from shaving. Soothing peptides and calming botanicals work to reduce redness, ease reactivity, and restore essential hydration. Skin feels balanced, comfortable, and visibly soothed.

Collagel Essential Facial – 30 min

A concise yet effective renewing treatment beginning with light cleansing and exfoliation, followed by a collagen-supporting Collagel mask refreshing the complexion with instant radiance.

MASSAGES

Amara Signature Massage – 60/90 min

A deeply rhythmic massage performed with our signature Amara Aroma Oil — a warm, sumptuous blend of Bergamot, Sandalwood, and Myrrh. Its luxurious scent softens the skin, calms the mind, and envelops you in the timeless essence of the East.

Deep Tissue Massage – 60/90 min

An intensive therapeutic massage targeting deeper layers of muscle tension. Focused techniques work on specific areas of tightness, helping relieve discomfort, enhance mobility, and support the body's natural recovery process — ideal for active and athletic guests.

Liquid Memories by ZENTS – 60/90 min

A personalized massage experience inspired by your chosen ZENTS aromas — Ore, Water, Sun, Oolong, Anjou or Mandarin. Blending tailored pressure with restorative techniques, this treatment eases muscle tension and brings the body and senses into deep harmony.

Hot Stone Massage – 90 min

Warm volcanic stones are used as an extension of the therapist's hands, delivering penetrating heat that melts away muscular tightness. Combined with aromatic therapeutic oils, this treatment induces profound relaxation and dissolves accumulated stress.

Thai Massage – 90 min

A traditional, oil-free bodywork ritual that blends acupressure, stretching, and energy-line work. These ancient techniques release tension, restore balance across the body's energy centers, improve circulation, and enhance overall flexibility. Thai pajamas are provided.

Lymphatic Massage – 90 min

A very gentle, rhythmic massage that supports the body's natural detoxification pathways. Precise, feather-light movements stimulate lymph flow, reduce water retention, and ease feelings of heaviness — leaving you refreshed, balanced, and renewed.

Reflexology – 60 min

A targeted foot therapy that stimulates specific reflex points to ease tension throughout the body. This grounding ritual promotes deep relaxation, improves energy flow, and leaves you feeling lighter, calmer, and revitalized.

Head/Back/Foot Massage – 30 min

A focused express treatment designed for guests short on time. Your therapist works on one or two areas of concern — head, back, or feet — delivering quick, personalized relief and restoring comfort where you need it most.

BODY THERAPIES

Anti-Cellulite – 90 min

A sculpting ritual to refine and awaken the body, targeting fluid retention, cellulite, and uneven skin tone. Begin with a magnesium and coffee scrub that invigorates circulation, gently detoxifies, and prepares the skin. A focused massage follows, contouring legs and abdomen, smoothing texture, and leaving skin firmer, toned, and luminous.

Nourish & Nurture by ZENTS – 60 min

A cocoon of comfort and rejuvenation. A gentle ZENTS sugar scrub softens and revitalizes the skin, followed by a rich, botanical-infused wrap that melts into the body, restoring hydration and radiance. This indulgent journey calms the senses, nourishes the skin, and leaves you feeling balanced, luminous, and renewed.

Magnesium Recovery Wrap – 60 min

A mineral-rich escape for body and mind. Magnesium exfoliation absorbs deeply, while a soothing wrap detoxifies, relaxes, and restores vitality. Enhanced with a gentle head massage, this treatment eases muscle tension, supports restful sleep, and leaves you completely recharged.

Body Polish of Choice – 30 min

A personalized ritual of exfoliation using natural minerals, herbs, spices, and oils. Smooths, awakens, and renews the skin, leaving the body soft, radiant, and refreshed. Perfect as a standalone indulgence or paired with any massage for a complete sensory escape.
